

## **Instructions for new nominations to the HLPE Roster**

A new procedure is opened to enable any CFS Stakeholder to submit candidatures of experts to the Roster of the High Level Panel of Experts on Food Security and Nutrition (HLPE), from which the Steering Committee of the HLPE will constitute Project Teams.

- 1) All experts submitted in reply to the call from the FAO Director-General in January and March 2009, and all experts submitted to the Call for nominations to the Steering Committee of the HLPE are already confirmed as candidates to the HLPE Roster. No action is needed from their nominators.
- 2) CFS Stakeholders are given the opportunity to submit new names through a dedicated internet-based procedure. To obtain your specific, password protected access to the nomination site, please send an e-mail to [cfs-hlpe@fao.org](mailto:cfs-hlpe@fao.org), specifying the following details regarding the nominating institution:
  - a. Name of the nominating Country/Government/Ministry or Organization
  - b. Name, contact details and e-mail of the nominating focal point (person to whom access to the nomination site will be granted).
- 3) In the nomination site, you will be asked to submit names, contact details and to upload CVs of experts nominated.

CFS Stakeholders can submit names at any time to the Roster.

It is expected that the Steering Committee of the HLPE will form its first Project Teams in December 2010. We therefore invite parties to submit names before 1st December 2010.
